Number 10, 10 September 2013

The twenty-first edition of Prinsjesdag National Foal Auction will take place on Tuesday 17 September at the KNHS centre in Ermelo. As is the custom, a Newsletter is sent to breeders, participants and possible interested parties.

The count-down has started

Just a little more than a week to go before the start of the twenty-first edition of Prinsjesdag National Foal Auction. Preparations are in full swing. The first stages will take place next weekend and the breeders make sure that their foals will look their very best. The presentation of the dressage foals starts at 13.00 hours followed by the auction. The presentation of the showjumping foals starts at 16.30 hours again followed by the auction.

Breeder of the Year

Following tradition, one breeder will receive the title "Breeder of the Year" from the board of Prinsjesdag National Foal Auction. This year several breeders were nominated and the board chose one of them after thorough consideration. On Tuesday the 17th this breeder will be especially honoured.

Breeder of the Year 2012, Cees Klaver

Presentation embryos

Every year we try to present a few interesting products in the ring which are related to the embryos. Dressage fans are treated with a performance of Light Tour mare and dam of the embryo Blue Hors Zack x Negro, Amazing Comeback will be shown under saddle during the auction.

Interesting fact is that this mare was once auctioned at Prinsjesdag National Foal Auction by the name of Atilinda.

For the embryo For Romance x Jazz the 3-yr-old mare Famorka (Glocks Romanov x Jazz), a daughter of Rita Morka, is shown under saddle. This mare was the selection winner at CS Zeeland last year.

5. Amazing Come Back with Peter de Boer

Big Star extremely classy

Off spring of Big Star are rare, this phenomenally jumping stallion hardly covers any mares. It is remarkable that the Foal Auction has as many as two foals and one embryo on offer.

The foal I Star is a product of the mare Dahy Lalan, a daughter of the 1.40m level showjumping stallion Whitesnake. Also the mares line of this foal is highly interesting.

I Star	Big	Quick Star	Galoubet A	
			Stella	
	Dahy Lalan	Zoi Lalan	Whitesnake	Nimmerdor
				Elysette
	Dahy Lalan	Zoi Lalan	Whitesnake	Cavalier
				Moglichkeit
Dahy Lalan	Zoi Lalan	Whitesnake	Totthelios Lalan	
			Tipper Lalan

44. I Star (Big Star x Whitesnake)

Rousseau, Blue Hors Zack & Izack

Rousseau has proved to be one of the best dressage horse producers of his age. Rousseau was selected many years ago by the selection committee of the Foal Auction and sold at the auction. One of his sons is the great progenitor Blue Hors Zack. He was sold at the KWPN Select Sale for € 430,000,- to Blue Hors. Blue Hors Zack is responsible for one embryo and one foal.

The colt Izack (Blue Hors Zack x Contango) bred by Cavallo Stal- en Weidetechniek also has a lot of dressage talent on his dam's side. Hopefully Izack will follow in the footsteps of his parents and ancestors, his genes incorporate great promise.

4. Izack (Blue Hors Zack x Contango)

Programme auction day
